Working Experience

AMAZON ASSOCIATE I, Dec 2020 - Present

Responsibilities:

• As a picker, I am responsible for locating and selecting products from the shelves in the fulfillment center based on the customer's order. We use handheld devices to scan barcodes on the products and confirm the quantity and quality. Then, I put the items in a tote and drop the tote on the conveyor to the pack department.

• As a packer, once I receive the items from the converyor picked by pickers, I pack them securely in boxes or bags to ensure that they are not damaged during shipping.Sometimes I also add packing materials, such as bubble wrap or packing paper, to protect the items during transit.

• As a stower, My responsibilities are to receive incoming shipments and organize them in the appropriate locations in the fulfillment center. I also use handheld devices to scan barcodes on the products and shelves to ensure that the products are stored correctly.
